

Position: Vice President, Engineering

Department: Engineering

Reports to: CTO

Location: Remote

Prepaid Technologies is a fast-growing fintech company that is digitizing business payments by deploying operationally excellent, on-demand, prepaid solutions for a variety of applications and verticals. We have an opportunity for a VP, Engineering with knowledge of enterprise software to join our engineering team. This is an exciting opportunity to learn while playing a role in critical initiatives at Prepaid Technologies.

Position Summary

The VP, Engineering will be a member of the leadership team and charged with setting and implementing the development strategy for the business, as well as leading a team of developers that design, build and deliver reliable and scalable web applications as it relates to customer implementations, migrations and support efforts.

Primary Responsibilities include, but not limited to:

- Be a highly technical, hands-on developer and an effective leader of people and process.
- Implement and improve development processes to remove roadblocks and ensure excellence in delivery.
- Ensure accurate and on-time roll out of new feature upgrades to existing customer base.
- Lead IT infrastructure efforts including cloud infrastructure, information security and data integrity
- Work closely with management and teams to define and meet department weekly and quarterly objectives.
- Support new product development on new features.
- Prepare and present reports and data as necessary.

Requirements:

- Bachelor's Degree or higher.
- Strong understanding of software development processes and best practices.
- 5+ years of experience leading one or more development teams of varying levels.
- 5+ years of experience building server applications with Java, Tomcat, SQL Server, jQuery and Sass.
- Strong understanding of client/server technology.
- Familiarity with agile development processes.
- Must be organized, proactive and customer oriented.
- Excellent problem solving and critical thinking skills.
- Strong verbal and written communication skills, plus be a confident presenter.
- Possess a relentless commitment to quality and delighting customers.
- Experience with Employee Engagement, Human Capital Management, CRM, or other related industry a plus.

Our Culture

The unique culture at Prepaid Technologies is hard to beat, where innovation and a hard-working environment go hand-in-hand with a casual and fun atmosphere. We promote an energetic and team-oriented workplace where collaboration and a results-driven attitude is key to our success.

Our Core Values

- We look for **Solutions** and ask "Why Not?"
- We are **Nimble** and **Creative** and use those strengths to **Innovate**
- We embrace and leverage **Technology**
- We have **Passion** for our work and our customers
- We row together with **Respect** for everyone we work with
- We have **Fun** – life is short

Our Benefits

Prepaid Technologies, Inc. is an Equal Opportunity Employer and provides a competitive, comprehensive compensation package for full-time employees.
